

# Puzzle Feeder

For Emily and Ruth

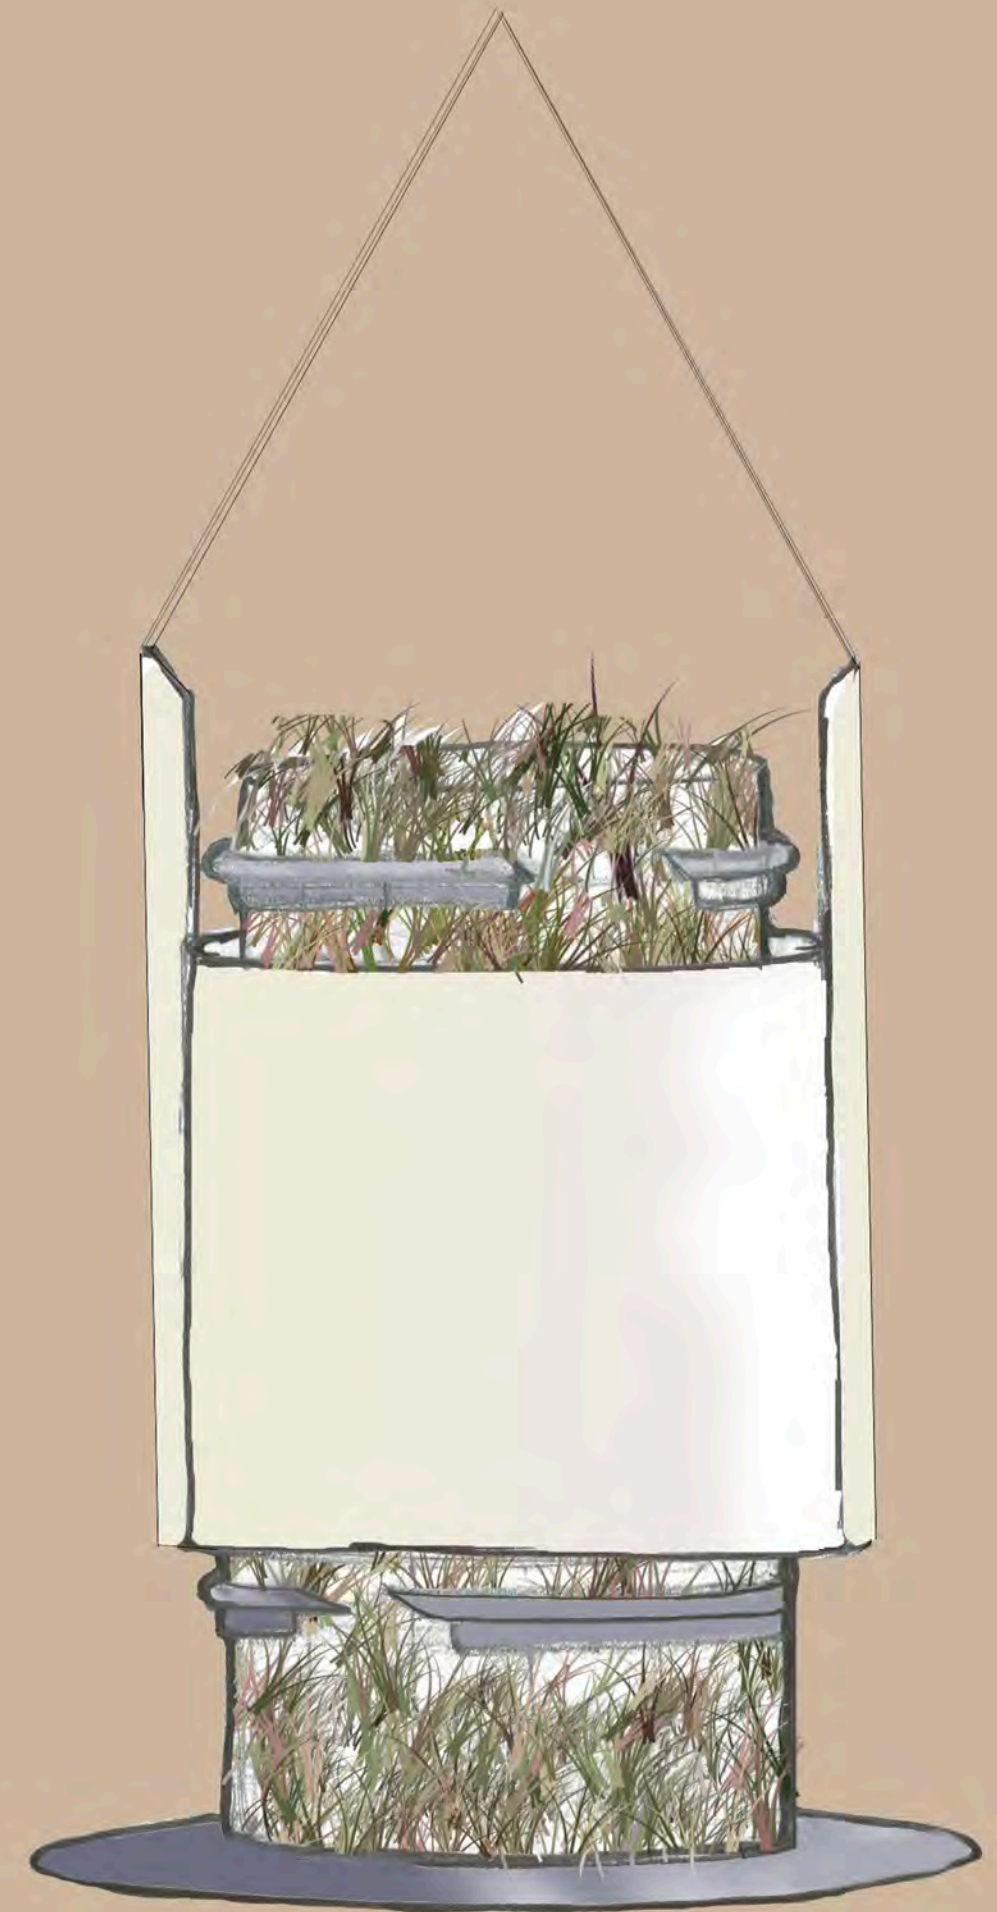

Designed by: Baylor, Janelle, Gia, Juan and Sam

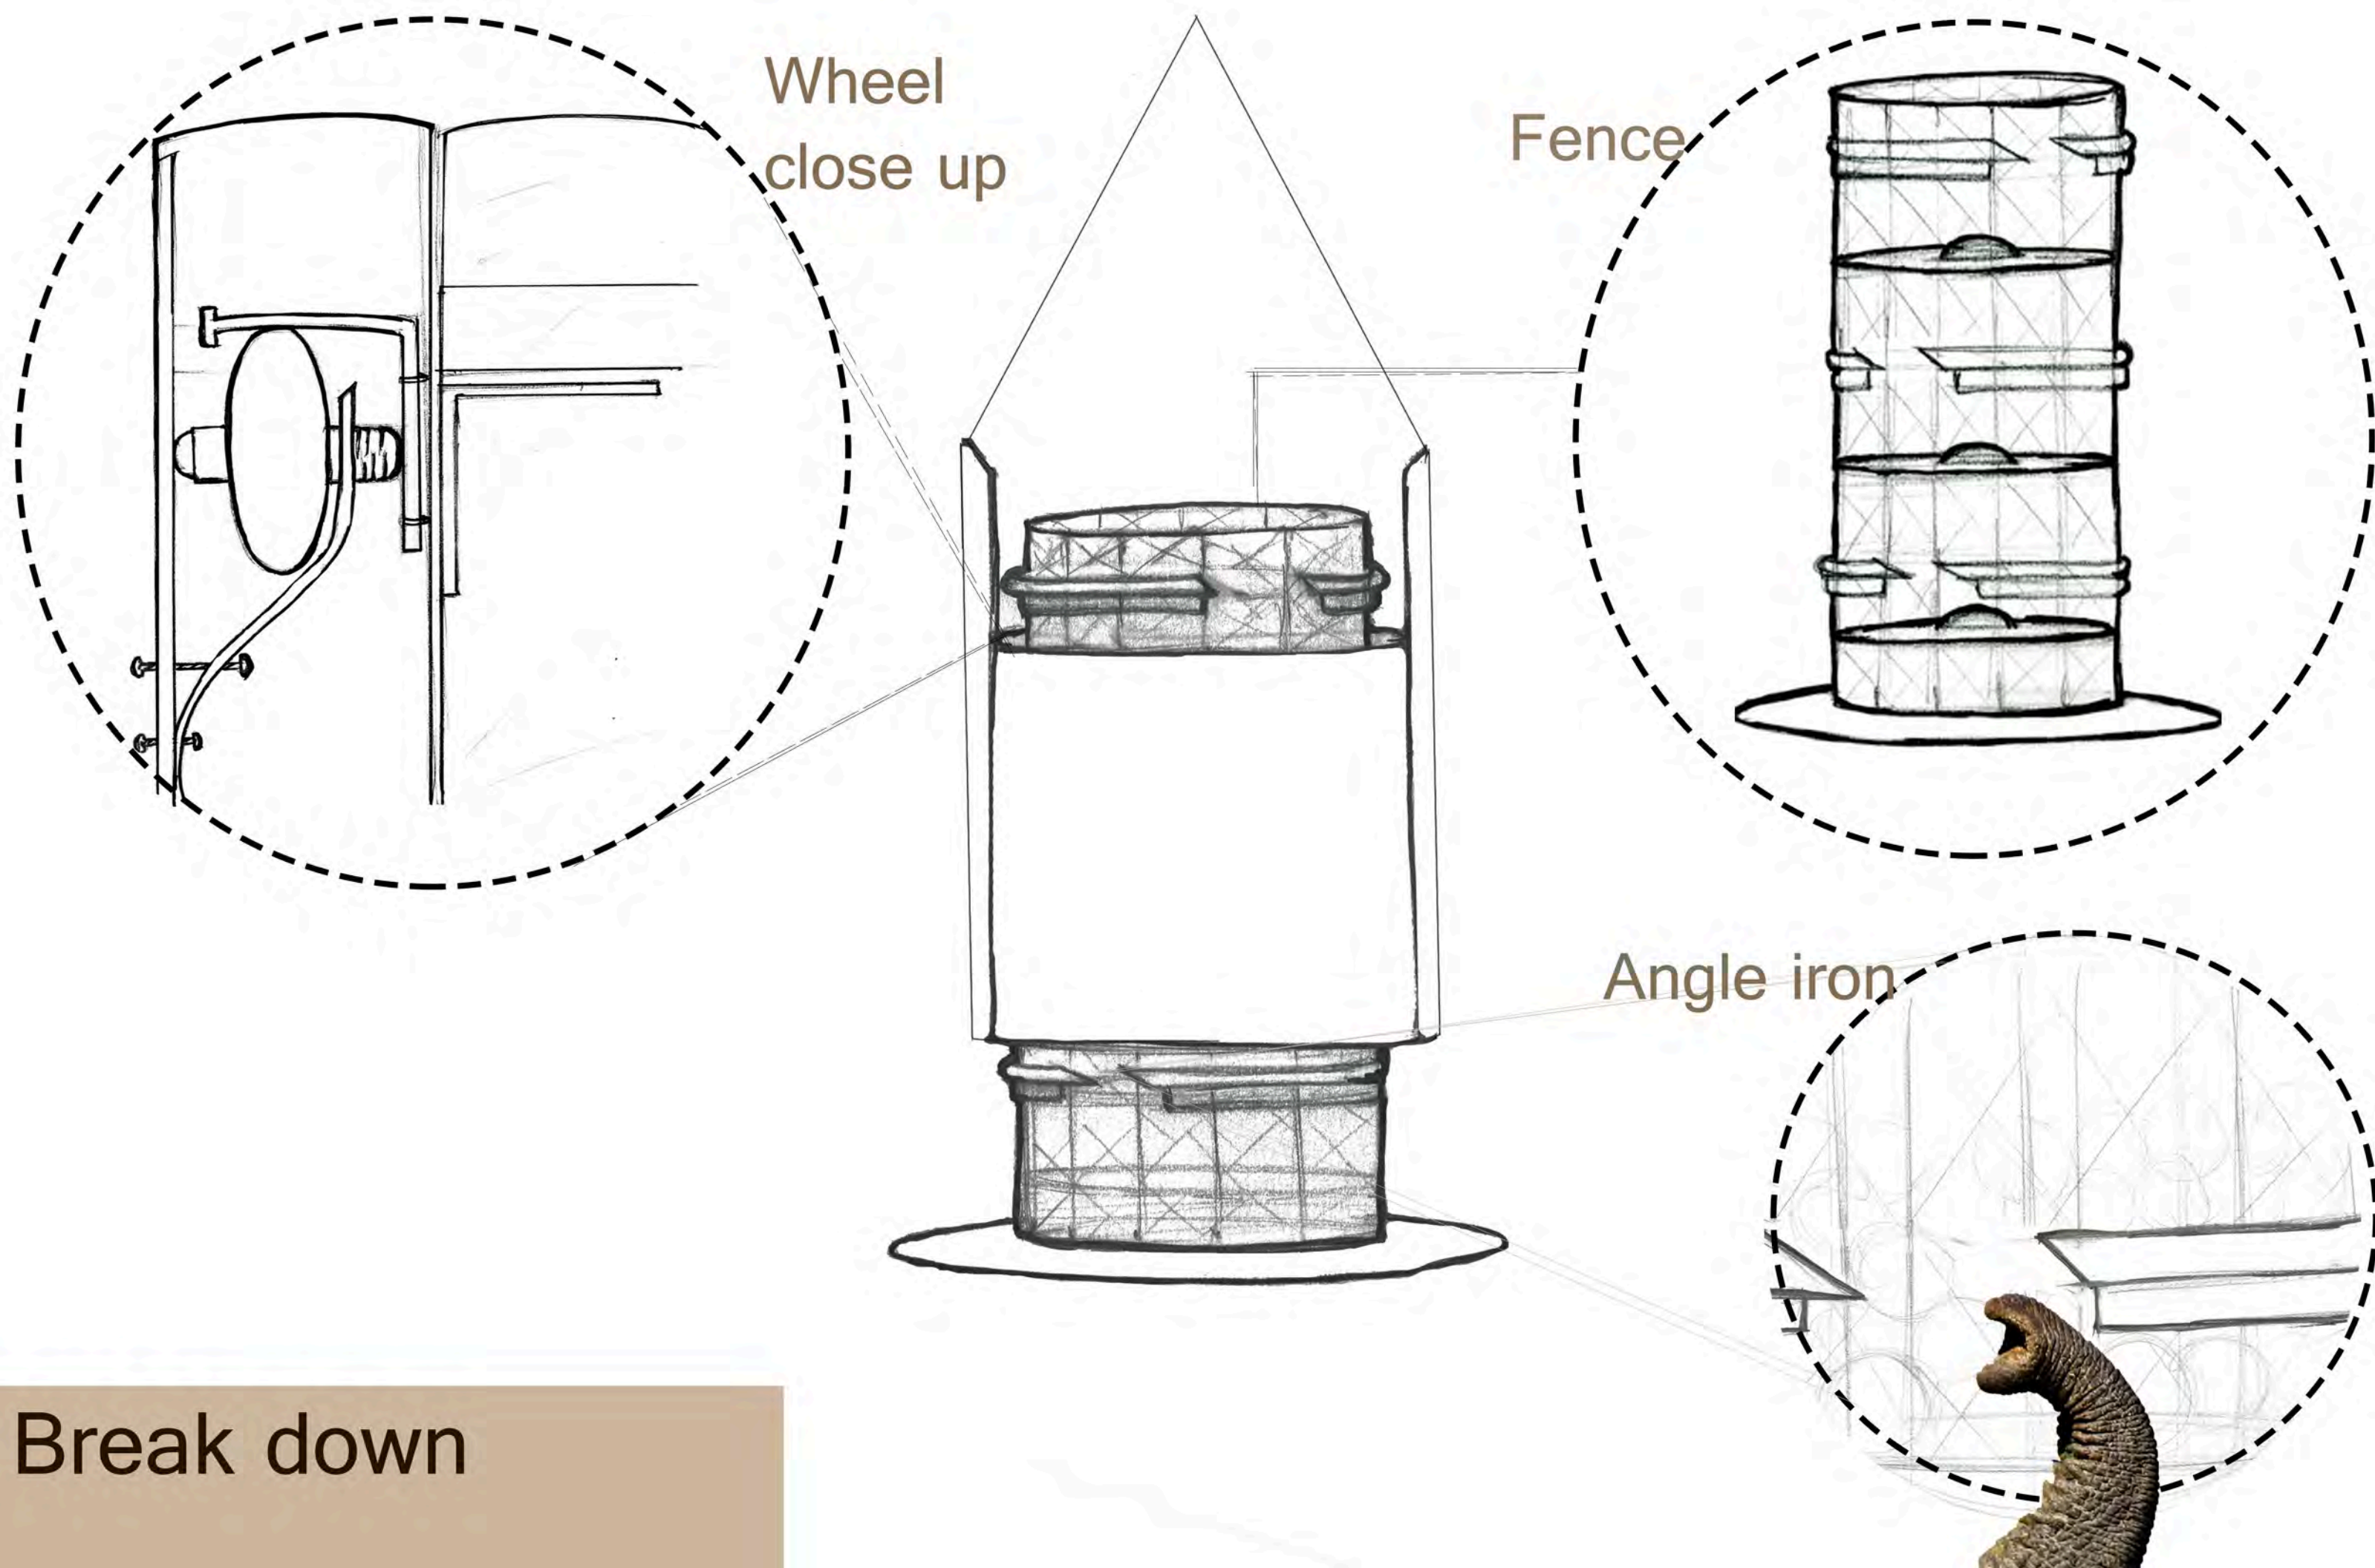

The Puzzle Feeder is an elevated feeding system where the elephants must turn the inner chamber in order to allow food to drop down.

- Help Emily and Ruth exercise
- Easy for trainers to manage
- Pleasing to the eyes of Zoo visitors
- Made of recycled material that will not harm the Elephants

Goals

Break down

Food inside fence

With the help of the Elephant, the wheels will move in a circular motion
